i wrote this book to try to help anyone who would like to understand more about the workings of gas golf carts after working on them for many years i would like to share some of my experiences with you in the book i start out with the very basics of what gas golf carts should do and then explore what makes them do it and what can go wrong even though i had been working in mechanics and electronics all of my life i still had a lot of adapting to do when it came to fixing a golf cart they are indeed somewhat unique in how they accomplish getting you from point a to point b or maybe i should say from hole 1 to hole 18 through the years i have learned a bunch and of course made some seriously stupid mistakes in this book i share many of these experiences both good and bad with you as well as some knowledge that i have

run across along the way i hope that this book might help you in your journey to understand and repair one of these somewhat elusive critters called a gas golf cart a few years ago i wrote another book entitled electric golf cart repair<sup>101</sup> and a half and i hope this book is as well received as it was let s go fix some gas golf carts ron staley author

shrink your eco footprint low impact living for less

robert e adams jr has always had an interest in history determined to catch the eye of his audience he will take you time traveling back into a period of time that will not only teach you some methods on how to survive but also how to communicate with some of the natives of that time period what caused us to time travel what are the similarities we have from the present time and traveling back in time approximately two thousand years let s read the story and see robert is a person who dedicated his life to the building trades the outdoors hunting and fishing he knew how to protect and support his family if anything in our present time ever happened he would have known what needed to be done
